## CATHOLIC NEW MARRIAGE LAW

Washington, D. C., April 18.--The new marriage law decreed for Roman Catholic churches throughout the world, but which is aimed chiefly to correct the loose regulations surrounding many marriages in America in recent years, will become effective tomorrow. In the main the new law prohibits civil marriages for Catholics, and declares unions in the church invalid in future if either the bride or bridegroom is not a Catholic. All marriages shall be performed by a priest duly authorized and before at least two witnesses. The principals in a marriage must furnish correct information as to their baptism and the ceremony must be performed in the bride's own parish or by some one delegated by the priest of that parish.

## SAN FRAN- CISCO'S RISE

San Francisco, Cal., April 18.--Two years ago today occurred the earthquake followed by conflagration that laid a large section of San Francisco in waste, cost 452 lives and resulted in property damage amounting to over \$400,000,000. In 24 hours' time the destruction was so great that scarcely a building in the business portion of the city was left standing with walls intact.

Two years has wrought Aladdin-like changes in the appearance of San Francisco. Rising from the ashes before the smoke of the disaster had cleared away, she finds herself today largely rebuilt in an improved style, her business prosperity recovered, and her people preparing a joyous welcome for the greatest naval fleet that has ever visited her harbor.

## ANARCHY PREVAILS.

**Russians Having Hot Time With Persian Bandits.**

Tiflis, April 18.--The situation on the Persian frontier arising from the activity of bands of marauding Kurds has not materially improved.

Persian bandits, who retired into the mountain fastnesses after the first successes against the Russians, again concentrated in force and renewed the attack against Relesuvor. The Russians countered with energy and artillery bombarded several villages in which the brigands had taken shelter. In addition to losses previously reported the Russians had seven soldiers killed.

The Russian commander says in his report the Persian authorities have lost their heads entirely and anarchy reigns in the district.

## WEDDED SECRETLY.

**Mme. Anna Gould and Sagan Declared to Have Married.**

Paris, April 18.--Le Cri de Paris, which professes to chronicle the doings of the fashionable set of Paris, insists in its issue of Saturday that a marriage of Mme. Anna Gould and Prince Helle de Sagan, has taken place. The paper announced some time ago that this marriage had been celebrated secretly in Germany.

## Bronze Tablets of Lincoln.

New York, April 18.--The Lincoln Education league has provided a fund of \$20,000 to be used toward placing in schoolhouses throughout the country bronze tablets bearing the full text of President Abraham Lincoln's address at Gettysburg. The fund provided by the league is to be devoted to paying one-half the cost of each tablet. The school or any person interested in it will contribute the other half.

**Mrs. Bryan and Daughter Soon Due.**  
New York, April 18.--On Tuesday night Hon. W. J. Bryan expects to meet Mrs. Bryan and daughter, who are due then from their journey across the Atlantic.

## Bones Found in Furnace Crucible.

Pittsburg, April 18.--The whitened bones of a man were found in a furnace crucible of a steel company. None of the workmen are missing, and it is believed some despondent person committed suicide during the change of crews.

## Force to Be Reduced.

Springfield, Mass., April 18.--In the absence of any new orders for large shipments, the working force of the Springfield armory is to be reduced by about 200 men from the present force of 1,300 within the next fortnight. The men to be retained will be decided by their efficiency.

## WILL GO RIGHT ON.

**Hobson Says Question of Big Navy Is Broader Than Party.**

Washington, April 18.--"The fight for a big navy will go right on," said Representative Hobson, after an interview with the president.

"No battle was ever won or lost on the swiftness of lines. We have only just begun. If John Sharp Williams had not made the matter a party question in the house there would have been many more Democratic votes in favor of four battleships. The question of a big navy is broader than party."

## SUBMARINES FOR MANILA

New York, April 18.--With the Shark and the Porpoise, two of the submarines of the First Torpedo Boat Flotilla, lashed to her decks, the big naval collier Caesar left the Brooklyn Navy Yard today en route for the Philippines, there to launch the submarines in Subig Bay, where they will become an important part of the Corregidor Island defenses, guarding Manila. The two submarines rest in cradles so constructed on the deck of the collier that they will hold the little boats safely, no matter how high the waves or how fierce the winds.

## NEWS FORECAST COMING WEEK

Washington, D. C., April 18.--The coming week holds the promise of many live news events, the progress of the presidential campaign and the entertainment of the battleship fleet on the Pacific coast occupying first place.

The American battleship fleet, arriving at San Pedro (Los Angeles) today, will remain in the vicinity of the southern California metropolis during the whole of the coming week. A programme of splendid entertainment has been provided for officers and men, the chief feature of which will be a magnificent banquet Monday night at the Alexandria hotel.

Events of political interest during the week will be the Republican State convention in New Hampshire to elect delegates to Chicago, the Democratic State conventions in Illinois and New Jersey to elect delegates to the Denver conventions, and Republican county primaries in Kentucky which are expected to show whether that State favors Taft or Fairbanks for the Presidency. A state election will be held in Louisiana Tuesday to confirm the choice of the recent Democratic primary for governor and other State officers.

Reports are in circulation that the Corey administration will be attacked at the annual meeting of the United States Steel Corporation at Jersey City on Monday.

Other events of public interest will be the centennial celebration of the Roman Catholic diocese of Philadelphia, the annual session of the Conference for Education in the South at Memphis, the meeting of the National Society, D. A. R., in Washington, D. C., and the Laymen's conference of the Southern Methodist church at Chattanooga, at which Ambassador Bryce and W. J. Bryan are among the scheduled speakers.

## FLOOD IS FEARFUL.

**Property Damage Over Half a Million Dollars.**

Fort Worth, April 18.--Another rise of three feet in Clear Fork and West Fork Saturday forced hundreds of people to leave their homes here so hurriedly that household articles were left behind.

Charlie Woods, a boy, at the risk of his life, swam the Trinity to fasten a cable holding a bridge to a tree. He was given \$5. It is learned that the Fort Worth and Rio Grande railroad refuses to accept perishable freight on account of track conditions.

Chief of Police Maddox, with a squad of policemen, is helping sufferers on the east side. All night police fired a continual volley of shots to warn residents in the flood district. A large gang of men were put to work saving property. A large section of the Trinity river bank caved in, and several houses would have plunged into the flood, but were anchored with heavy cables. Four horses were drowned here.

Mineral Wells is reported under water. Streams in Palo Pinto and Parker counties are higher than in half a century.

Texas and Pacific between Fort Worth and Baird, 40 miles, has had much track and some bridges washed out.

Cleburne is surrounded by a flood. Santa Fe Engineer Long and Fireman Allsup were found dead under the engine. Their train left the track in a washout a mile north of Cleburne. Crops over a large area have been destroyed and estimated loss will reach over \$500,000.

## DRIVEN FROM DORMITORY.

**Flames Cause Many Boys and Girls to Make Speedy Exit.**

Poultney, Vt., April 18.--About 150 boys and girls were driven from their quarters in the five-story brick dormitory of Troy Conference academy early Saturday when the structure was suddenly enveloped by fire. The young people all escaped, although one boy was hurt by jumping. The loss on buildings and furnishings and music library, which was in the dormitory, is estimated at \$80,000. The school is maintained by the Methodist Episcopal church.

## Retrenching.

"But they still have their auto."  
"Which they run well within the speed limit. Bah!"--Louisville Courier-Journal.

## The Daily Eagle

Entered at the Postoffice in Bryan,  
Texas, as second class matter.

BY CARNES & WALLACE

### ANNOUNCEMENTS.

The Eagle is authorized to announce the following candidates for the offices indicated subject to the Democratic Primaries July 25, 1908:

For Congress Sixth District:  
RUFUS HARDY (Re-election).

For Sheriff,  
J. D. CONLEE.  
GEO. R. WICKER.

For District Clerk:  
H. O. JONES.

BRYAN, TEXAS, APRIL 19, 1908.

The Chinese boycotters certainly mean business when Japanese bank notes are refused.

John Hogg, brother of Jim Hogg, one of the biggest governors Texas ever had, is on the stump against Baileyism. And Jim would be there too, by gosh, if he were alive.

It is a matter of congratulation that fewer birds are sacrificed to decorate hats this year than ever in rec nt history. The fight against bird butchery is to be kept up by the Auduban society and the Federated Women's clubs until the practice is entirely extinct.

While in Dallas a few days ago the writer took a voyage on the swollen Trinity in a small steamboat. The little craft sailed gracefully over submerged plantations and in and out among the trees. A number of unfortunate cottontail rabbits were observed, perched on driftwood lodged among the willows and some on the low branches of trees. The flood covered the valley from hill to hill.

The State Federation of Labor in session at Fort Worth last Thursday, adopted a resolution demanding a law to compel the better baling of cotton. The movement for a better bale has the hearty endorsement of the Farmers' Union and of the shipping interests. With such influences behind it there is little doubt that the thirty-first legislature will enact a law on the subject.

A London artist who painted a portrait of Roosevelt says that the president while posing told him that he expected to be forgotten in seven years after he retired from office. In this expectation he will probably not be disappointed, but Bryan's name will live through the centuries, whether he be president or not. Herein is the difference between a sensation-alist and a man of great character.

Hon. Cone Johnson, who comes to Bryan Monday afternoon to deliver an address at the courthouse, has been speaking to large crowds throughout the state since the Waco convention of anti-Bailey democrats placed him and four other gentlemen on the ticket for delegates at large to the national convention at Denver. The testimony even from opposing sources is that Mr. Johnson is a good speaker and a ready debater. He will have something to say of interest to all the people of the county, whether they agree with him or not. The ladies are especially invited to be present.

### BESTED 'VARSITY.

The A. and M. Boys Made the Best Showing in the Two Baseball Games at College Saturday.

Double header baseball games, which were rattling good ones, were played by the state university and A. and M. teams at College yesterday afternoon. In the first game the A. and M. won by a score of 7 to 0. In the second game twelve innings were played and Varsity scored 1 to 0 in the last, which was very much in the nature of an accident. The showing made by A. and M. in the contests was highly satisfactory.

### THE BULLETIN ROOM.

Three new bulletins are soon to be finished: Bulletin on Cotton by Mr. Bennett; Forage Crops by A. B. Connor, and The Honey Plant by the department of Entomology.

The work of the Bulletin Department is increasing and a great deal of good is being derived from it. The following will give the reader some idea of the vast number of people receiving bulletins from this station. There are about 30,000 names of individuals, sixty-seven libraries, sixty-five experiment stations, including sub-stations, 677 Texas newspapers, 485 papers furnished outside of the state, and about 2000 feed retailers of Texas on the permanent mailing list.

There are from two to three hundred requests for bulletins from this station received weekly. The bulletin room is in the hands of Mr. Spiller who was a farmer before he became connected with the department and he now has the work in an excellent condition. At present there are about twenty (20) available bulletins on hand.—The Battalion.

### EASTER LILIES TO BE CHEAP.

New York, April 17.—During the past few days several vessels have arrived here from Bermuda whose cargoes consisted of solely of thousands upon thousands of boxes of Easter lilies. The market is literally glutted and as a result the popular Easter floral emblems promise to reach a lower price this year than for many years past. One ship brought 10,000 boxes, each box containing five dozen lilies.

Last year the retail price was from \$1 to \$1.50 each, but the wholesale dealers announce that because of the quantity and quality of the present crop, it is probable that the flowers will retail before the end of the week at 75 cents and possibly as low as 50 cents each.

### SILVER WEDDING OF DUCAL COUPLE.

Rome, April 17.—Genoa has been a week in celebration of the silver wedding anniversary of the Duke and Duchess of Genoa. The Duke is the only brother of the Dowager Queen of Italy, and an uncle, therefore, of King Victor Emanuel III. The wedding celebration was attended by many members of the Italian royal family, among them the King and Queen, the Dowager Queen Marguerite, the Duke and Duchess of Aosta, the Count of Turin and the Duke of Abruzzi. The Duke and Duchess of Genoa are very popular throughout the kingdom, because of their benevolence.

### SOUTHERN SPINNERS MEET.

Charlotte, N. C., April 17.—The Southern Hard Yarn Spinners' Association, representing the greater num-

ber of the mills of the South, assembled for a special meeting in this city today to consider the condition of the market and take such action as may be deemed expedient. The spinners regard the outlook as very unsatisfactory. A number of the mills have been curtailing production for some time, and it is thought likely a plan will be agreed upon whereby practically all of the mills will close down after they get out the product they are now running on. The duration of the shut-down will depend upon the future developments in the market conditions.

### TEXAS HARDWARE JOBBERS.

San Antonio, Texas, April 17.—There was a good attendance today at the opening of the annual convention of the Texas Hardware Jobbers' Nash of Fort Worth called the gathering to order and will preside over the two days' sessions. There is no special programme outlined for the meeting further than the regular routine of business. A number of matters relating to the trade will be given attention.

### The Game He Preferred.

At dinner recently several men were discussing the merits of different kinds of game. One preferred canvasback duck, another woodcock and still another thought a quail the most delicious article of food. The discussion and the dinner ended at about the same time. "Well, Harry," said one of the men, speaking to the waiter at his elbow, "what kind of game do you like best?" "Well, Mr. Jones, to be frank, almost any kind of game suits me, but what I like best is an American eagle served on a silver dollar."—New York Tribune.

### UNION PLANS BIG PROTEST.

New York, April 18.—The Central Federated Union of this city has completed all arrangements for the big mass meeting tomorrow to pass resolutions demanding that Congress enact legislation eliminating the labor unions from the provisions in the Sherman anti-trust law affecting combinations in restraint of trade. Similar meetings are planned to be held throughout the country under the auspices of the American Federation of Labor. At the meeting in this city the chief speakers announced are Duncan of the Federation, and John Mitchell, former president of the United Mine Workers.

### SOCIAL AND CLUB MATTER.

The Bachelorettes will meet at 4 p. m. Thursday with Miss Adline Sanders.

One of the most delightful forty-two parties of the season was given the Bachelorettes on Wednesday afternoon by Miss Arrie Cole at the home of her parents, Mr. and Mrs. J. N. Cole. The reception rooms were transformed into a bower of roses. Amidst their beauty and fragrance tables were set where forty-two, the principal element of the afternoon was enjoyed. A dainty lace handkerchief by Miss Cora Garth in a cut velvet. Refreshments of TH, stuffed eggs, cheese other s, olives, and ice tea Mrs. Lem — the scene of an ally received dinner on Friday charming moth'clock when Five tables were set for the games of cards which held full sway and her and were loathe to leave. Cole. the afternoon had come Mrs. Hall served a delicious of strawberry cream and cake which was, like every spent under this hospitable roof heartily enjoyed.

In honor of the Senior class of the Allen Academy, Mr. Jim Johnson, a member of the class, entertained a number of couples Friday evening at the home of his mother, Mrs. J. W. Johnson. The Academy colors and the floral accessories contributed to the lovely decorations. Contests at personal description and an army contest afforded much amusement. As a result of the latter, Mr. Wynne Lay presented to Miss Irene Board an Academy penant and Miss Adelle Rayson presented to Mr. Ward Allen an Academy pin. Fortune telling napkins were a novelty feature of the refreshment course. Present were Misses Lucille DeMaret, Pauline Webb, Gusie Buchanan, Irene Board, Gertrude Eaves, Blanche Buchanan, Aline Rohde, Sadie Mawhinney, Clara Mawhinney, Willie McDougald, Madeline Hanway, Louise Batte, Edith and Esther Cavitt, Lynn and Adelle Rayson, Lessie Mawhinney, Stella Johnson, Messrs. # FOSTER'S WEATHER RULER

(Copyrighted 1908, by W. T. Foster.) Washington, D. C., April 18.—The bulletin gave forecasts of disturbance to cross continent 15 to 19, warm wave 14 to 18, cool wave 17 to 21. Next disturbance will reach Pacific slope by close of 22, great central valleys 23 to 25, eastern states 26. Warm wave will cross slope about 21, great central valleys 23, eastern states 25. Cool wave will cross Pacific slope about 24, great central valleys 26, eastern states 28.

This disturbance will come during the coolest and wettest weeks of April. The cool waves preceding and following it will carry frosts as far south as the average frosts of that month would indicate. Frequent showers may be expected during the week. But the weather will be too quiet to make it of any great interest as a matter of news. The most severe weather events will come a little later and will be described in next bulletin.

About and following April 18 the trend of temperatures will be downward and rainfall increasing. But I am not expecting much rainfall in the great central valleys. Immediately following 18 weather events will continue to be monotonous and uninteresting.

But all this April easy-going weather will be favorable to the farmers and the oncoming crops. The encouraging conditions of April weather will have a tendency to depress prices of the cereals and, if the great speculators will permit it, quotations will probably take on a lower range.

Next bulletin will give general forecasts of May weather. I am expecting some alarming conditions in the crop weather of this season in parts of the grain-producing sections east of the Rockies.

### EVANGELIST BOEN

COMES MAY 10.

Rev. Jas. A. Challenor is in receipt of a card from Evangelist Boen at Sweetwater stating that he will be here with Mr. Parnell to open the revival at the Christian Church on Sunday May 10, at 11, a. m.

Evangelist Boen is now holding a meeting at Sweetwater, and will dedicate a beautiful new \$25,000.00 Christian church there Sunday, May 3.

## AWFUL CRIME.

Victim's Cries For Life He Is Not Spared.

Gunnison, Colo., April 18.—Fred Collings, aged seventeen, and F. Carver, aged thirteen years, have been convicted of the cold blooded murder of Louis Bruno near Crested Butte on Sep. 19, 1907.

Collings' conviction was for first degree murder and life sentence recommended, while Carver was found guilty second degree murder and recommendation for clemency made. The evidence showed the lads fired on Bruno from ambush, and when he ran followed him, shooting him down as he begged for mercy, robbing him of \$57. The defense claimed Collings is mentally unbalanced, and Carver, because of his youth, was easily led and did no shooting.

## RUSH ORDERS RECEIVED.

Cruiser Albany to Take on Coal and Full Supply of Ammunition.

San Francisco, April 18.—Rush orders were received from Washington by Commander Henry Thomas Mayo of the cruiser Albany to take on coal and supplies for a cruise of two months and a half duration, and a full store of ammunition and proceed at once to Salina Cruz, there to await the destination of the ship which is believed to be LaUnion, Salvador, in Central America.

It was supposed that the vessel was soon to go into dry dock for overhauling, but instead she will start at once for Mare Island, where she will take aboard provisions for three months, including a plentiful stock of ammunition.

The Albany has just come from Salvador, having patrolled the coast since August of last year, when she relieved the cruiser Milwaukee.

The talk in naval circles that the Albany will carry envoys south for the purpose of making some permanent peace arrangements between the republics.

## PHARMACISTS' PREDICAMENT.

Many of Them Are Displeased at Provisions of New Law.

Austin, April 18.—The pharmacy act of the last legislature has placed hundreds of pharmacists and oldtime druggists in a predicament. For years many of them conducted their business under permanent certificates. The legislature amended that law and required the surrender of permanent certificates and get the new ones authorized by the state board of pharmacy. The last legislature further amended the law by requiring all druggists and pharmacists to take out new certificates, said certificates to be good for two years only.

The druggists are just learning of provisions in the new law and a mighty protest is going up. Many of them assert that they will not comply with it and defy prosecution, while hundreds of others are demanding that the state board of pharmacy return to them their former permanent certificates.

## DAVIDSON TO DECIDE.

Interesting Question Has Been Submitted to the Attorney General.

Austin, April 18.—The secretary of state has submitted a question to the attorney general as to whether or not a corporation can amend its charter by increasing its capital stock, and paying in only 10 per cent of the increased capital, or if it is necessary for 50 per cent of increase to be paid in. The question arose over the application of the Northern Texas Traction company to amend its charter by increasing its capital from \$2,500,000 to \$3,000,000. The company contends that it is required to pay in only ten per cent of the increase. An opinion will be forth coming when Attorney General Davidson returns.
